Presidents Foreword

As President of WAKO, it is my honour and privilege to welcome you all to our 2025 annual report. This year marks yet another chapter in our remarkable journey—a testament to the unwavering dedication and indomitable spirit that define our organisation. WAKO is more than just an organisation; it is a global family united by passion, respect, and the pursuit of excellence in kickboxing.

In 2025, we have continued to push boundaries, embrace innovation, and nurture talent at every level. Our athletes, coaches, officials, and supporters have demonstrated what it means to strive for greatness, not just in the ring or tatami but in their communities and beyond. Together, we are building a legacy—one that will inspire future generations to dream bigger and reach higher. Together we achieved a lot and have more to do. It will be our collective effort that moves us further within the IOC.

Let us take pride in our accomplishments, remain committed to our shared values, and look forward to a future filled with opportunity, growth, and unity. The best of WAKO is yet to come. I would however like to highlight the following areas.

- **Sporting Excellence:** 2025 has seen outstanding performances at national and international events, with record participation and remarkable displays of sportsmanship and skill. Our championships have set new standards for organisation and competition. The 2025 World Games this year in China truly showed the potential of our sport globally. It showcased what we can do if given a chance.
- **Development Initiatives:** We have expanded our grassroots programmes, empowering young athletes and promoting inclusivity. New training resources and coaching certifications have been launched, helping to elevate the level of kickboxing worldwide.
- **Innovation and Technology:** This year, WAKO has embraced digital solutions, from live-streamed tournaments to enhanced athlete tracking and communication. These advancements have brought the global kickboxing community closer than ever.
- **Global Collaboration:** Our partnerships with national federations, sports organisations, and sponsors have flourished, paving the way for greater recognition and opportunities for our athletes on the world stage.
- **Values and Legacy:** Integrity, respect, and unity remain at the core of WAKO. We have continued to support programmes promoting fair play, anti-doping, and ethical conduct, ensuring our sport remains a beacon of positive values.
- **Committees:** We have extremely active volunteer committees covering all the areas for the development and growth of the sport, they are becoming more critical as we grow within the Olympic family of sports.

This report is a celebration of the collective achievements of our WAKO family. Together, we have shown resilience, adaptability, and vision. As we look to the year ahead, let us remain inspired by what we have accomplished and energised by the possibilities before us. Embrace the new brand concept as we transition to a new brighter future. United in our mission, we will continue to champion kickboxing and inspire greatness in every corner of the globe.

BRAND

WAKO WAKO WAKO WAKO WAKO WAKO WAKO

For decades, WAKO's visual identity has represented strength, heritage, and unity. It carried us through world championships, Olympic recognition, and global expansion.

But as our federation has grown, so too have our communication needs. Multiple logos, mixed styles, and inconsistent presentation have created confusion — diluting the impact of our global message.

Today, our brand is respected... but fragmented.
It's time to evolve — to match the professionalism, ambition, and global influence WAKO now holds.

Strong legacy, ready for transformation.

WAKO.SPORT

Over the past year, WAKO has been transitioning to a modern, unified brand system.
The new identity reflects our evolution — Olympic-ready, globally aligned, and built to elevate every federation, event, and athlete under one standard.
This is not a replacement — it's a progression.
The legacy remains. The future is sharper.

Together, they show how WAKO continues to grow while respecting its roots.
ONE WAKO. ONE CHAMPION. ONE BRAND GLOBALLY.

WAKO.SPORT

WAKO BRAND TOMORROW

The new WAKO Brand is built for clarity, unity, and global excellence.

A modern, Olympic-level identity that every federation can stand behind — consistent, professional, and instantly recognisable.

It's not a redesign — it's a relaunch of confidence, culture, and communication.

One system that connects the world of kickboxing under a single visual standard.

From championship arenas to digital platforms, every element now speaks one message:

WAKO is united, global, and ready for the future.

WAKO.SPORT

Localized K Logos — National Identity, Global Unity

Each country and continent can proudly showcase its connection to WAKO through a localized **K** icon.

These examples show how national pride can live within the global brand system — consistent, modern, and instantly recognizable.

Examples shown:

us **USA** GB **England** IE **Ireland** FR **France**

More versions will be created as needed — using the same structure, with each flag woven into the K.

EVENT MANAGEMENT & MEMBERSHIP

2026:

Following extensive negotiations the following framework has been agreed for 2026 to enhance uptake of memberships globally and incorporate more events.

What: The Standard WAKO Membership will now be free of charge (Federations can continue to charge whatever they feel appropriate for their national need. There will be no charge for the event set up and delivery on sports data for event management and hosting **(Excludes staff)**)

Why: We need to be able to standardise and show our global picture to enhance our ability to promote and integrate. With the registration being free it will promote additional members on to the system. Only when an athlete wants to compete is there a charge that is then applied at point of registration. The normal sports data charges no longer apply as they are incorporated in the competitor registration fee. This will we believe promote more tournaments on the global system.

Fees 2026 forward.

Event Management Fee: €0 (excludes staff (if required) and or payment commission from provider (stripe etc))

Competitor Fee: Two options

One Event registration €4

Annual registration €9
